

Mr. J. L. Bridges spent Friday night with his parents at Elrod.

W. L. Bullock, a prominent merchant and citizen of Rowland, was in the city Saturday.

Mrs. Maurice Manning, who has been a patient at Dr. McLeod's infirmary, where she was successfully operated upon two weeks ago, returned home Sunday, very much improved in health.

Messrs. Hoyt and D. C. Carmichael, two Dillon boys who have been very successful in the business world, spent a few days this week with relatives in Dillon. The Messrs. Carmichael are located in Charlotte, where they are proprietors of a large furniture store.

Congressman Ellerbe has sent The Herald about 100 packages of Garden seed for distribution among his constituents in this section and anyone who desires to use any of the seed can get a package free by calling at this office. The varieties are peas, beets, collards, lettuce and radish. The seed were specially selected by the agricultural department and are guaranteed to be sound.

Mr. C. T. O'Ferrall has been notified of his appointment as Colonel on the staff of Gov. Blease. The appointment came unexpectedly to Mr. O'Ferrall as he had no idea that his name had been mentioned in connection with the office. However, Col. O'Ferrall will wear his honors gracefully, and will make an excellent member of the chief executive's staff.

Since the day of McCurdy's flight in Dillon Mr. W. F. Murchison has been very much interested in the science of aviation and is thinking strongly of purchasing an aeroplane of the Curtiss type for experimental purposes. Mr. Murchison has been in communication with the manufacturers of several well known machines, but as yet has come to no decision as to the machine he would prefer in his attempts to navigate the clouds. Lee Hayes, the well known automobile expert, has agreed to give the machine its trial flights, and after Lee has become proficient in the use of the 20th century wonder it is proposed to make a trip from Dillon to Columbia along the route of the A. C. L. tracks. Mr. Murchison's experiments along this line will be watched with interest.

Death of Mr. Everett Flowers.

Dillon loses another pioneer in the death of Mr. Everett Flowers, which occurred at his residence last Thursday. Mr. Flowers had been ill for several months and had received treatment from several specialists, but the progress of the disease could not be stopped and his life ebbed slowly away. The Sunday preceding his death he lapsed into a state of coma, from which he never rallied, and Thursday at noon, while surrounded by family and friends he passed away peacefully.

Mr. Flowers was 61 years of age and had been a resident of Dillon for many years. Before moving to Dillon he lived in Free State neighborhood where he engaged in farming. He served the town for a number of years as policeman, making a capable and efficient officer. When forced to retire from active life on account of the malady which resulted in his death he was filling the position of night watchman at the oil mill. Mr. Flowers was a man of strong and decided convictions, straight-forward and honest in his dealings with the world, and his death is a distinct loss to the community.

Of his immediate family he is survived by a wife and four children, Mrs. W. E. Hall, Messrs. Will, Tom and Travis Flowers, all of whom have the sympathy of the community in their affliction.

The interment was made at Mt. Holly Friday afternoon, the funeral service being conducted by Rev. H. A. Willis, of the Baptist church, of which the deceased had been a faithful and consistent member.

Bone Meal From Europe.

The Dillon Storage Co., which is dealing extensively in fertilizers this season, has just received a shipment of 100 tons of bone meal direct from Europe. The shipment was consigned from London and did not pass through an agent's hands on this side of the Atlantic. The bill of lading was sent direct to the Dillon Storage Co. from the consignee's office in London. The shipment came by steamer to Charleston where it was transferred to box cars and forwarded to Dillon. The Dillon Storage Co. will receive about 300 more tons of bone meal from the same source during the season. The fertilizers handled by the Dillon Storage Co. are mixed at their own plant, and there is a strong demand for local product.

The pulpit at the Methodist church will be occupied next Sunday morning by Dr. S. A. Steel, a lecturer of wide reputation and ability. Sunday night Dr. Steel will lecture at the school auditorium and services will be suspended at all the churches in order to give everybody an opportunity to hear the eminent divine.

Rev. D. F. Crosland, a missionary to Brazil, sent out by the Foreign Mission Board of the Southern Baptist Convention, who is now taking a rest in this country, will make addresses at the Baptist church next Sunday morning and afternoon. The public is cordially invited to attend both services.

Mr. D. H. Marchant of the Marchant Music Co., of Orangeburg, which has opened a branch house in the store next to I. Blum, was in the city for a few days last week. Mr. Marchant is proprietor of one of the oldest and best known music houses in the State and Dillon is fortunate in securing a branch of his business. The company will carry a full line of musical instruments, including a fine line of standard pianos well known throughout the country, and it is their purpose to make the Dillon branch the distributing house for this section of the State.

Attention is directed to the advertisement of Auditor Bruce in another column in which notice is given that 50 per cent. penalty positively will be added to all property returns after February 20th. Auditor Bruce says it is his purpose to add the penalty and if you have not made your returns you should do so at once.

K. of P. Elects Officers.

At a recent meeting of Dillon Lodge K. of P. the following officers were elected for the ensuing year.

H. McRae, C. C.; S. D. Jordan, V. C.; H. K. Cottingham, Prelate; A. K. Parham, K. of R. & S. and M. of F.; Otis Page, M. at A.; Morris Fass, M. of W.; S. Levin, I. G.; J. W. Smith, O. G.

Dr. L. R. Craig wishes to announce to the public that he has removed his residence, and may now be found at the home of Mrs. Burt on East Main street. 1-16-11
